"Christian training and nurturing of your child begins in the home and continues with regular church attendance.

Scott, Dawn & Lance Halverson wouldn't trade their time at MLHS for anything.

From there it evolves into a Christ-centered education in a Lutheran grade school. So why not continue with the same education on a secondary level at Martin Luther High School? If the foundation is laid from the very beginning, your child will understand the need to attend Martin Luther High School and the choice will be automatic. Cost is no object. If you are truly faithful, God will provide. Your child's appreciation for what you believed in will be your greatest reward in the years to come. If you want the very best for your son or daughter, take to heart the words of our Lord in Proverbs 22:6, "Train up a child in the way he should go, and when he is old, he will not depart from it."

Once a student is enrolled, then the educational process can begin. High school life is underway! Parents and students are scheduled to meet with the Administration to set goals and map the curriculum course to reach those goals.

At MLHS, high school can be the best time of a teen's life!

Tuition Due the 15th of Every Month

Because MLHS teaches God's Word, it receives minimal government funding. In order to maintain the quality education provided at MLHS, tuition is charged.

In our opinion, MLHS is the best bargain in education. Your child will probably survive in public school, but will they thrive?

attending MLHS who are members from Full Member Association Congregation is \$4,400. (Tuition is less for full members because these churches provide substantial monthly support to the general operations of MLHS.)

In 2008-2009 the actual cost to educate one MLHS student for the school year was over \$7,500. The difference between tuition and true educational costs is made up by congregational support, donations and fundraising events.

Tuition for the 2010-2011 school year is \$5,671.

Several LCMS congregations belong to the MLHS Association. The churches support MLHS with 6% of their annual net budget.

In an effort to cut down on expenses, the Board of Directors has moved to receive monthly tuition payments by automatic withdrawal only.

A ten month payment plan will be set up on registration day. Parents should bring a voided check from the account in which the withdrawals will be made. A deposit slip is needed if withdrawals are to be made from a savings account. *Special circumstances may be presented to the Board of Directors.

Semi-annual or annual payments may still be made by paper check.

For families NOT receiving tuition aid a 25% discount is given for the second student enrolled during the same academic year. Third and fourth children from the same family (all attending the same year) also receive the 25% discount.

Remember, tuition payments are due the 15th of the month.

For example, tuition for 2010-2011 is \$5,671 and \$4,253 for the second child for families belonging to other churches.

Tuition for members of Full Association congregations is \$4,400 and \$3,300 for the second child.

Tuition aid applications begin at the base tuition price according to congregational memberships. When tuition aid awards are calculated consideration is given for families with multiple children attending.

Re-enrollments received after April 30th will be assessed a \$25.00 late fee.

Applications for enrollment will be considered at any time—pending available classroom/student space.

Don't look at tuition as a payment, but as the best investment you can make in your child's future.
